SUPER INSTRUCTIONS

Mission Objective

Every money choice is a power-up for your future. Spend on what makes you stronger and smarter. Use your superbrain—it's your greatest power!

Instructions

You are given choices, just like in real life. It is your job to circle the stuff you should save up for, and cross out the stuff you should not buy to save your money.

Instructions

Some things are good spent, like a bike, but other things, like candy is bad if you spend a lot on it. Once you make all five of your choices, you will earn your Growing Hero Badge!
